

Curriculum

Geography

- North America study:
 - Economic activity and land use
 - Distribution of natural resources (Canada, USA, Mexico).
 - Recognise how environments can be improved or sustained (national parks).
- Fieldwork project
Pupils will answer the question 'Do people in TW support local businesses?' Pupils will also use outdoor map skills as part of this project.
- Causes and effects of volcanoes and earthquakes.

English

- Reading comprehension based on the picture book 'Saving American Beach'
- A newspaper report on an earthquake
- Debating/Persuasive writing
- Information text (volcanoes)

Computing

Programming:

- Term 3 - variables in games
- Term 4 - sensing movement.

Art:

We will explore using a range of materials to produce a collaborative collage based on our theme/English.

Design & Technology:

We will create bridges, developing our understanding of structural features and selecting the most appropriate design for the problem.

Year 6

Explore Term
