

Paul Truscott

Co-opted Governor

I joined the governing body in May 2026 and I am a member of the Personnel Committee.

I recently retired after 34 years working for an asset management company in London, where I led the product development function. My firm actively encouraged employees to work with the local community, and I really enjoyed my role as a 'finance' governor for a primary school in Bethnal Green.

All three of my children really enjoyed their time at Claremont and have very happy memories. Now that I finally have more free time, I am keen to try and give back to my local community, and provide support to the staff, teachers and pupils at Claremont.

I enjoy travelling, walking, Park Run, pilates and watching Brighton and Hove Albion.
