

Claremont Primary School

A hub of educational excellence and innovation,
supporting and valuing everyone

Mobile & Smart Phone Technology Policy

Responsible person	Sarah Seddon, Deputy Designated Safeguarding Lead
Responsible governor	Rob Jackson, Safeguarding Governor
Responsible governor team	FGB
Date approved	Summer 2026
Date of next review	Summer 2027
Policy reference	Adopted KCC/LESAS

At Claremont we believe and recognise that the diversity of our community is one of our greatest strengths and assets. We are committed to ensuring that our pupils are treated fairly, and we have carefully considered and analysed the impact within this policy to promote equality of opportunity for all and we will use our position of influence as a school to work with all stakeholders to eliminate discriminatory barriers and ensure that our pupils have a sense of shared, common belonging and understanding

1. Policy aims and scope

- This policy has been written by Claremont Primary School, involving staff and parents/carers, building on Kent County Councils LADO Education Safeguarding Advisory Service mobile and smart technology policy template, with specialist advice and input as required.
- It takes into account the Department for Education (DfE) statutory guidance '[Keeping Children Safe in Education](#)' (KCSIE), [Early Years and Foundation Stage \(EYFS\)](#), '[Working Together to Safeguard Children](#)' (WTSC), the DfE non-statutory guidance '[Behaviour in Schools Advice for headteachers and school staff](#)', '[Searching, screening and confiscation at school](#)', '[Mobile Phones in Schools](#)' and the local [Kent Safeguarding Children Multi-agency Partnership](#) (KSCMP) procedures.
- The purpose of this policy is to safeguard and promote the welfare of all members of our community when using mobile devices and smart technology.
 - Claremont Primary School recognises that online safety is an essential part of safeguarding and acknowledges its duty to ensure that all pupils and staff are protected from potential harm when using mobile and smart technology.
 - As outlined in our Child Protection Policy, the Designated Safeguarding Lead (DSL), Clare Smith, is recognised as having overall responsibility for online safety.
- This policy applies to all access to and use of all mobile and smart technology on site; this includes but is not limited to mobile/smart phones and personal devices such as tablets, e-readers, games consoles and wearable technology, such as smart watches and fitness trackers, which facilitate communication or have the capability to record sound and/or images.
- This policy applies to pupils, parents/carers and all staff, including the governing body, leadership team, teachers, support staff, trainees, external contractors, visitors, volunteers and other individuals who work for, or provide services on behalf of the setting (collectively referred to as "staff" in this policy).

2. Links with other policies

- This policy links with several other policies, practices and action plans, including but not limited to:
 - Anti-Bullying Policy
 - Acceptable Use of Technology Policy (AUP)
 - Positive Behaviour Policy
 - Camera and Image Use Policy
 - Child Protection Policy
 - Code of conduct
 - Discipline and Conduct Policy
 - Information for Volunteers
 - Teaching for Learning Policy
 - Relationships, Sex and Health Education (RSHE) Policy
 - Whistleblowing Policy

3. Safe use of mobile and smart technology expectations

- Claremont Primary School recognises that use of mobile and smart technologies is part of everyday life for many pupils, staff and parents/carers.
- Electronic devices of any kind that are brought onto site are the responsibility of the user. All members of our community are advised to:
 - take steps to protect their personal mobile phones or other smart devices from loss, theft or damage; we accept no responsibility for the loss, theft or damage of such items on our premises.
 - use passwords/PIN numbers to ensure that unauthorised access, calls or actions cannot be made on personal phones or devices.
- Mobile devices and other forms of smart technology are not permitted to be used in specific areas on site; this includes changing rooms, pupil toilets and swimming pools (if visiting other sites).
- The sending of abusive or inappropriate messages or content, including via personal mobile devices and/or smart technology is forbidden by any member of the community; any breaches will be dealt with in line with our Anti-Bullying, Positive Behaviour and Child Protection policies.
- All members of the Claremont Primary School community are advised to ensure that their personal mobile and smart technology devices do not contain any content which may be offensive, derogatory or illegal, or which would otherwise contravene our Positive Behaviour or Child Protection policies.

4. Claremont Primary School provided mobile phones and devices

- Staff providing formal remote learning will do so using Claremont Primary School provided equipment in accordance with our Acceptable Use Policy. If this is not available, staff will only use personal devices with prior approval from the Headteacher.
- School devices (iPads and laptops) will be suitably protected via a password, where possible. and must only be accessed or used by members of staff and/or pupils.
- School mobile phones and devices will always be used in accordance with our Acceptable Use Policy and other relevant policies.
- Where staff and/or pupils are using school provided mobile phones and/or devices, they will be informed prior to use via our Acceptable Use Policy that activity may be monitored for safeguarding reasons and to ensure policy compliance.

5. Staff use of mobile and smart technology

- Members of staff will ensure that use of any mobile and smart technology, including personal phones, wearable technology and other mobile/smart devices, will take place in accordance with the law, as well as relevant school policy and procedures, including Child Protection, Code of Conduct and Acceptable Use Policies.
- Staff will be advised to:

- Keep personal mobile devices in a safe and secure place during lesson time. They should not be visible in pockets.
- Keep personal mobile phones and devices switched off or set to 'silent' or 'do not disturb' modes during lesson times.
- Ensure that Bluetooth or other forms of communication, such as 'airdrop', are hidden or disabled during lesson times.
- Not use personal mobile or smart technology devices in areas where there are pupils present, unless permission has been given by the Headteacher/DSL/DDSL, such as in emergency circumstances.
- Ensure that any content bought onto site via personal mobile and smart technology devices is compatible with their professional role and our behaviour expectations.
- Members of staff are not permitted to use their own personal mobile and smart technology devices for contacting pupils or parents and carers.
 - Any pre-existing relationships or circumstance, which could compromise staff's ability to comply with this, will be discussed with the Headteacher.
- Staff will only use school provided equipment (not personal devices):
 - to take photos or videos of pupils in line with our Camera and Image Use Policy.
 - to work directly with pupils during lessons/educational activities.
 - to communicate with parents/carers, unless permission has been sought from the Headteacher e.g. when off site on a trip or residential.
- Where remote learning activities take place, staff will use school provided equipment. If this is not available, staff will only use personal devices with prior approval from the Headteacher. Staff will follow clear guidance outlined in the Acceptable Use Policy.
- If a member of staff breaches our policy, action will be taken in line with our staff Code of Conduct, Child Protection Policy and Discipline and Conduct Policy.
- If a member of staff is thought to have illegal content saved or stored on a personal mobile or other device or have committed a criminal offence using a personal device or mobile phone, the police will be contacted, and the LADO (Local Authority Designated Officer) will be informed in line with our Discipline and Conduct Policy.

6. Children/pupils/students use of mobile and smart technology

- Pupils will be educated regarding the safe and appropriate use of mobile and smart technology, including mobile phones and personal devices, and will be made aware of behaviour expectations and consequences for policy breaches.
- Safe and appropriate use of mobile and smart technology will be taught to pupils as part of an embedded and progressive safeguarding education approach using age-appropriate sites and resources. Further information is contained within our child protection and relevant specific curriculum policies including RSHE.
- Personal smartphones or other internet enabled devices are not permitted on site for pupils.

- Pupils are not permitted to use mobiles whilst on the school site. Where these are required, for example for safety reasons when Year 6 children are travelling to and from school, non-smartphone devices should be turned off and handed into the class teachers in the morning. They can then be collected at the end of day.
- If a pupil needs to contact their parents or carers whilst on site, this will be done by a school member of staff.
 - Parents must contact their child via the school office who will pass a message onto the child.
- If a pupil requires access to personal mobile or smart technology devices in exceptional circumstances, for example medical assistance and monitoring, this will be discussed with the headteacher/SENCo prior to use being permitted.
 - Any arrangements regarding access to personal mobile or smart technology devices in exceptional circumstances will be documented and recorded by the school.

6.1 Searching, screening and confiscation of electronic devices

Children should not have smart phones or other internet enabled devices in school, unless in extenuating circumstances, as mentioned in section 6. If they are brought into school, this section is applicable.

- Electronic devices, including mobile phones, can contain files or data which relate to an offence, or which may cause harm to another person. This includes, but is not limited to, indecent images of children, pornography, abusive messages, images or videos, or evidence relating to suspected criminal behaviour.
- Where there are any concerns regarding pupils' use of mobile or smart technology or policy breaches, they will be dealt with in accordance with our existing policies, including Anti-Bullying, Child Protection and Positive Behaviour.
- Staff may confiscate a pupils' personal mobile or smart technology device if they believe it is being used to contravene our school policies, for example our Child Protection or Positive Behaviour Policy.
- Personal mobile or smart technology devices that have been confiscated will be held in the school office and **only** released to parents/carers at the end of the school day.
- Where a concern involves potentially indecent images/videos of children, including images/videos generated by Artificial Intelligence (AI), on a pupil's personal mobile or smart technology device, staff will respond in line with our Child Protection Policy; they will confiscate devices, avoid looking at any content and refer the incident to the DSL (or deputy) urgently.
- If there is suspicion that data or files on a pupil's personal mobile or smart technology device may be illegal, or may provide evidence relating to a criminal offence, the device will be confiscated and handed over to the police for further investigation.

- If deemed to be necessary and appropriate, searches of personal mobile or smart technology devices may be carried out in accordance with our Positive Behaviour Policy and the DfE [‘Searching, Screening and Confiscation’](#) guidance.
- Staff will respond in line with our Child Protection Policy and follow the most appropriate safeguarding response if they find images, data or files on a pupil’s electronic device that they reasonably suspect are likely to put a person at risk.
- The DSL (or deputy) will always be informed of any searching incidents where authorised members of staff have reasonable grounds to suspect a pupil was in possession of prohibited items, as identified in our Positive Behaviour Policy.
- The DSL (or deputy) will be involved without delay if staff believe a search of a pupil’s personal mobile or smart technology device has revealed a safeguarding risk.
- In exceptional circumstances and in accordance with our Positive Behaviour Policy and the DfE [‘Searching, Screening and Confiscation’](#) guidance, the headteacher or authorised members of staff may examine or erase data or files if there is a good reason to do so. The DfE [‘Searching, Screening and Confiscation’](#) guidance states (77 – 79):
 - In determining whether there is a ‘good reason’ to examine images, data or files, the headteacher or an authorised member of staff will need to reasonably suspect that the images, data or files on the device has been, or could be used, to cause harm, undermine the safe environment of the school and disrupt teaching, or be used to commit an offence.
 - In determining whether there is a ‘good reason’ to erase any images, data or files from the device, the member of staff should consider whether the material found may constitute evidence relating to a suspected offence. In those instances, the data or files should not be deleted, and the device must be handed to the police as soon as it is reasonably practicable.
 - If the data or files are not suspected to be evidence in relation to an offence, the headteacher or an authorised member of staff may delete the images, data or files if the continued existence of the data or file is likely to continue to cause harm to any person and the pupil and/or the parent refuses to delete the data or files themselves.
- If the headteacher or a member of staff finds any data or files that they suspect might constitute a specified offence, they will be delivered to the police as soon as is reasonably practicable.

7. Visitors’ use of mobile and smart technology

- Parents/carers and visitors, including volunteers and contractors, are expected to ensure that:
 - they have signed in, ticking the Visitor Agreement on Inventory and read the Guidance for Visitors green leaflet. In addition, regular volunteers have read the

Information for Volunteers, Part 1 of Keeping Children Safe in Education and signed the Acceptable Use of Technology Agreement.

- Mobile phones and other internet enabled devices are out of sight and not used around the school site in any area where pupils are present, unless previously agreed by the Headteacher. This may include, but is not limited to, contractors who need to use their devices in order to carry out their work.
- Appropriate signage and information are in place (Volunteer meeting, poster at entry point, communication with office manager, trip meetings with parent volunteers) to inform visitors of our expectations for safe and appropriate use of personal mobile or smart technology.
- Visitors, including volunteers and contractors, who are on site for regular or extended periods of time are expected to use mobile and smart technology in accordance with our Acceptable Use Policy and other associated policies, including Child Protection.
- If visitors require access to mobile and smart technology, for example when working with pupils as part of multi-agency activity, this will be discussed with the Headteacher prior to use being permitted.
 - Any arrangements regarding agreed visitor access to mobile/smart technology will be documented and recorded by the school. This may include undertaking appropriate risk assessments if necessary.
- Members of staff are expected to challenge visitors if they have concerns about their use of mobile and smart technology and will inform the DSL or Headteacher of any breaches of our policy.

8. Policy monitoring and review

- Technology evolves and changes rapidly. Claremont Primary School will review this policy at least annually. The policy will be revised following any national or local policy updates, any local concerns and/or any changes to our technical infrastructure.
- We monitor internet and technology use taking place via all school provided devices and systems and regularly evaluate online safety mechanisms to ensure this policy is consistently applied. Full information about the appropriate filtering and monitoring systems in place are detailed in our Child Protection Policy. Any issues identified as part of the implementation of our monitoring approaches will be incorporated into our action planning.
- All members of the community will be made aware of how the school will monitor policy compliance through Child Protection Policy.

9. Responding to policy breaches

- All members of the community are informed of the need to report policy breaches or concerns in line with existing school policies and procedures. This includes our Child Protection Policy, Positive Behaviour Policy and Whistleblowing Policy.
- Where pupils breach this policy:

- appropriate sanctions and/or pastoral/welfare support will be implemented in line with our Positive Behaviour Policy.
 - concerns will be shared with parents/carers as appropriate.
 - we will respond in line with our Child Protection Policy, if there is a concern that a child is at risk of harm.
- After any investigations are completed, leadership staff will debrief, identify lessons learnt and implement any policy or curriculum changes, as required.
- We require staff, parents/carers and pupils to work in partnership with us to resolve issues.
- All members of the community will respect confidentiality and the need to follow the official procedures for reporting concerns.
- Pupils' parents and staff will be informed of our complaints procedure and staff will be made aware of the whistleblowing procedure.
- If we are unsure how to proceed with an incident or concern, the DSL (or a deputy) or Headteacher will seek advice from the local authority or other agencies, as appropriate, in accordance with our Child Protection Policy.
